FASHION STUDENTS PAVING THE WAY IN CHINA

18 students and 2 staff undertook a study tour to Guangdong Baiyun University in Guangzhou in China, funded through the Australian Government Colombo Scholarship Scheme. This Scheme is a signature initiative of the Australian Government which aims to lift knowledge of the Indo-Pacific in Australia by supporting young Australians to study and undertake internships in the region. Students will study fashion design and will work with their partner Chinese students to develop pathways for contemporary fashion between our two institutions following the establishment of the ECU/GBU Institute of Design in 2017. Guangzhou is the main manufacturing and distribution centre for China's fashion industry, the agreement therefore presents our students with wonderful opportunities in work integrated learning in one of the worlds most important fashion capitals.

History and Politics address some of the most important and contentious issues facing humanity. In this major, students will examine the ideas, structures and processes that drive society at both the national and international level. One of the primary focuses of this course is the historical and political processes and patterns that have structured the relationship between individuals and communities.

Emphasis is placed on assisting students to understand the nature of contemporary political challenges and the role of leadership, the media, corporate interests, public opinion and grassroots political movements in framing and addressing these challenges. In addition there is a focus on the role understanding our history can play in informing solutions to these issues.

While the focus is global, thematic and interdisciplinary, specialist units are offered in Australian, European and Chinese politics. The major offers students the opportunity to build links between pressing contemporary issues that are impacting on global politics and international relations whilst contextualising them through a historical lens that situates the discipline as a rigorous and evidence-based approach among the multiple narratives to help frame our understanding of politics and history.

Employment Opportunities

“ It’s a real privilege to be elected to parliament, and I have to pinch myself because I didn’t plan to be here.”

Back in high school, I didn’t want to be a politician – I thought politicians were these elites. My mum used to work in a bar called The Albany Club, and I would go in there to see her after school and I’d see politicians and business owners. They were the big wigs in town: they made the big decisions and they made more money than us. I just never thought I would end up in parliament. Parliament was up on the hill and I was down here in state housing.

I chose the degree – and that was a life-changing choice. There are a lot of people who say ‘don’t do this or that’, but it’s usually the people who put themselves out who get to where they want eventually. Education is so important, because it offers direction to people. Follow what you like doing, throw yourself into it and be passionate about it – that’s the main thing.

“ I constantly found myself looking at signs and symbols and thinking, ‘Oh, this could be designed better.’ Or ‘What if we did this?’ ”

I was always a visual artist and I just wanted to figure out a way to get a consistent income working in that field. Through the units in my degree, especially the Fremantle based unit, the Happiness Project, I realised it wasn't just about graphic design. For me it's about design communication, designing systems and figuring out how to help people – asking why are we doing this? Who does it affect? How is it helpful? Thinking with empathy.

I'd always wanted to help people, but I never thought as a creative that I would find a way to both earn an income and do that.

“ ECU’s photomedia course was the best course on offer.”

ECU offered the best course for what I wanted. Studying a Communications degree with a combination of journalism and photomedia units gave me the tools I needed to shine a light on environmental and social justice which is what I am passionate about and informs my photography now. While I was studying, my lecturers encouraged me to participate in Foto Freo, a festival that focused on photojournalism. I got some practical experience interning with the festival, and that really was the catalyst for me becoming passionate about documentary style work.

“ My ECU degree gave me the flexibility to gain a wide range of skills that enable success in the world of business.”

The reason I chose a Bachelor of Communications at ECU was because I didn't really know what I wanted to do. There was flexibility within the course – instead of forcing me to specialise straight away, I had the chance to try a range of disciplines and then pick the areas I was most interested in.

I even did some acting units from WAAPA. Being able to communicate effectively and speak in public is such an important skill to learn.

“ Being able to work on The Innocence Project drew me to ECU.”

ECU's Psychology & Criminology course offered units no other universities offered, including The Innocence Project. This hands-on project allows us to investigate real cases of alleged wrongful conviction. It has been extremely beneficial to work on this in teams and use practical skills.

The facilities are excellent and being able to study online is very helpful and convenient. This allowed me to continue my course when I moved interstate temporarily. The lecturers I had were fantastic; all friendly, approachable and experts in their fields. The entire study experience at ECU has been rewarding, enjoyable and has helped me to grow as a person.

ADMISSION PATHWAYS TO ECU

WE BELIEVE EVERYONE SHOULD HAVE THE OPPORTUNITY TO ACCESS A UNIVERSITY EDUCATION. THAT'S WHY WE'VE CREATED A RANGE OF ENTRY OPTIONS.

The application process can vary, based on whether you're in Year 12, your educational qualifications, whether you're a domestic or international student and the course for which you are applying. We recommend you contact us for a personal consultation about your options with one of our experienced Future Students staff. Please refer to the back of this brochure for a range of contact options or come to one of our information evenings or other events. For details, visit ecuworlready.com.au/events

UNIVERSITY PREPARATION COURSES (UNIPREP)

Our range of UniPrep courses provide an admission pathway to many of our undergraduate courses and are available to all prospective domestic students. These courses can be taken full-time or part-time. If you study full-time, you can complete UniPrep in one Semester. School leavers must complete Year 12, achieve WACE and meet English requirements. Visit ecuworlready.com.au/uniprep for more information.

Australian citizens, holders of a Permanent Humanitarian Visa, Permanent Residents and New Zealand citizens are eligible to study in a Commonwealth Supported place, making the UniPrep course free.

EXPERIENCE BASED ENTRY SCHEME

ECU's Experience Based Entry Scheme assesses an applicant on a variety of measures including academic history, relevant experience including work and life skills.

As an applicant, you are asked to provide:

- Your academic records
- Two written references with at least one being a professional/work/school reference
- An introduction letter

An English assessment may also be required.

You may be offered a place in the course of your choice or the UniPrep course.

School leavers must achieve WACE and meet English requirements.

Our Experience Based Entry Scheme pathway is only available to domestic applicants and is not available for all courses.

It is recommended that you include UniPrep as a backup on your application in case you are not offered a place in our Bachelor degrees through this pathway.
